

**Canada here we come!!**

Updates on this site over the next two weeks will be limited to a weekly '**That was the week that was**' posting from the **Canadian Identification Society conference** in Calgary.

Mairi and I are looking forward to our first visit to Canada and meeting up with **Pat Wertheim** and other experts who have supported Shirley over the years.

Thanks for all the contributions over the past months and I look forward to resuming normal case coverage on this website from 1 August.

Best wishes,

**Iain**
