Inauguration Plaque Dr Henry Faulds in Beith, Ayrshire.

Hi Folks

Thanks to everyone who suggested quotations to go at the end of the inauguration plaque. In keeping with the original plaque there was a biblical quotation, and Professor Julian Verbov kindly suggested another biblical quotation which seemed to me to be very apt indeed. The wording will be as follows:

***Dr Henry Faulds
1843 - 1930***

This memorial, raised by public subscription, is dedicated to the memory of Dr Henry Faulds of Beith, a pioneer of Fingerprint Science.

It was formally unveiled on 12th November 2004 by the Provost of North Ayrshire Council, Councillor Drew Duncan and the Rt. Hon. Brian Wilson MP in the presence of guests from several countries.

The support of Beith Christian Action Group is acknowledged.
